Spas that free your mind.

# Why choose Avenli?

Wellness  
Comfortable  
Portable

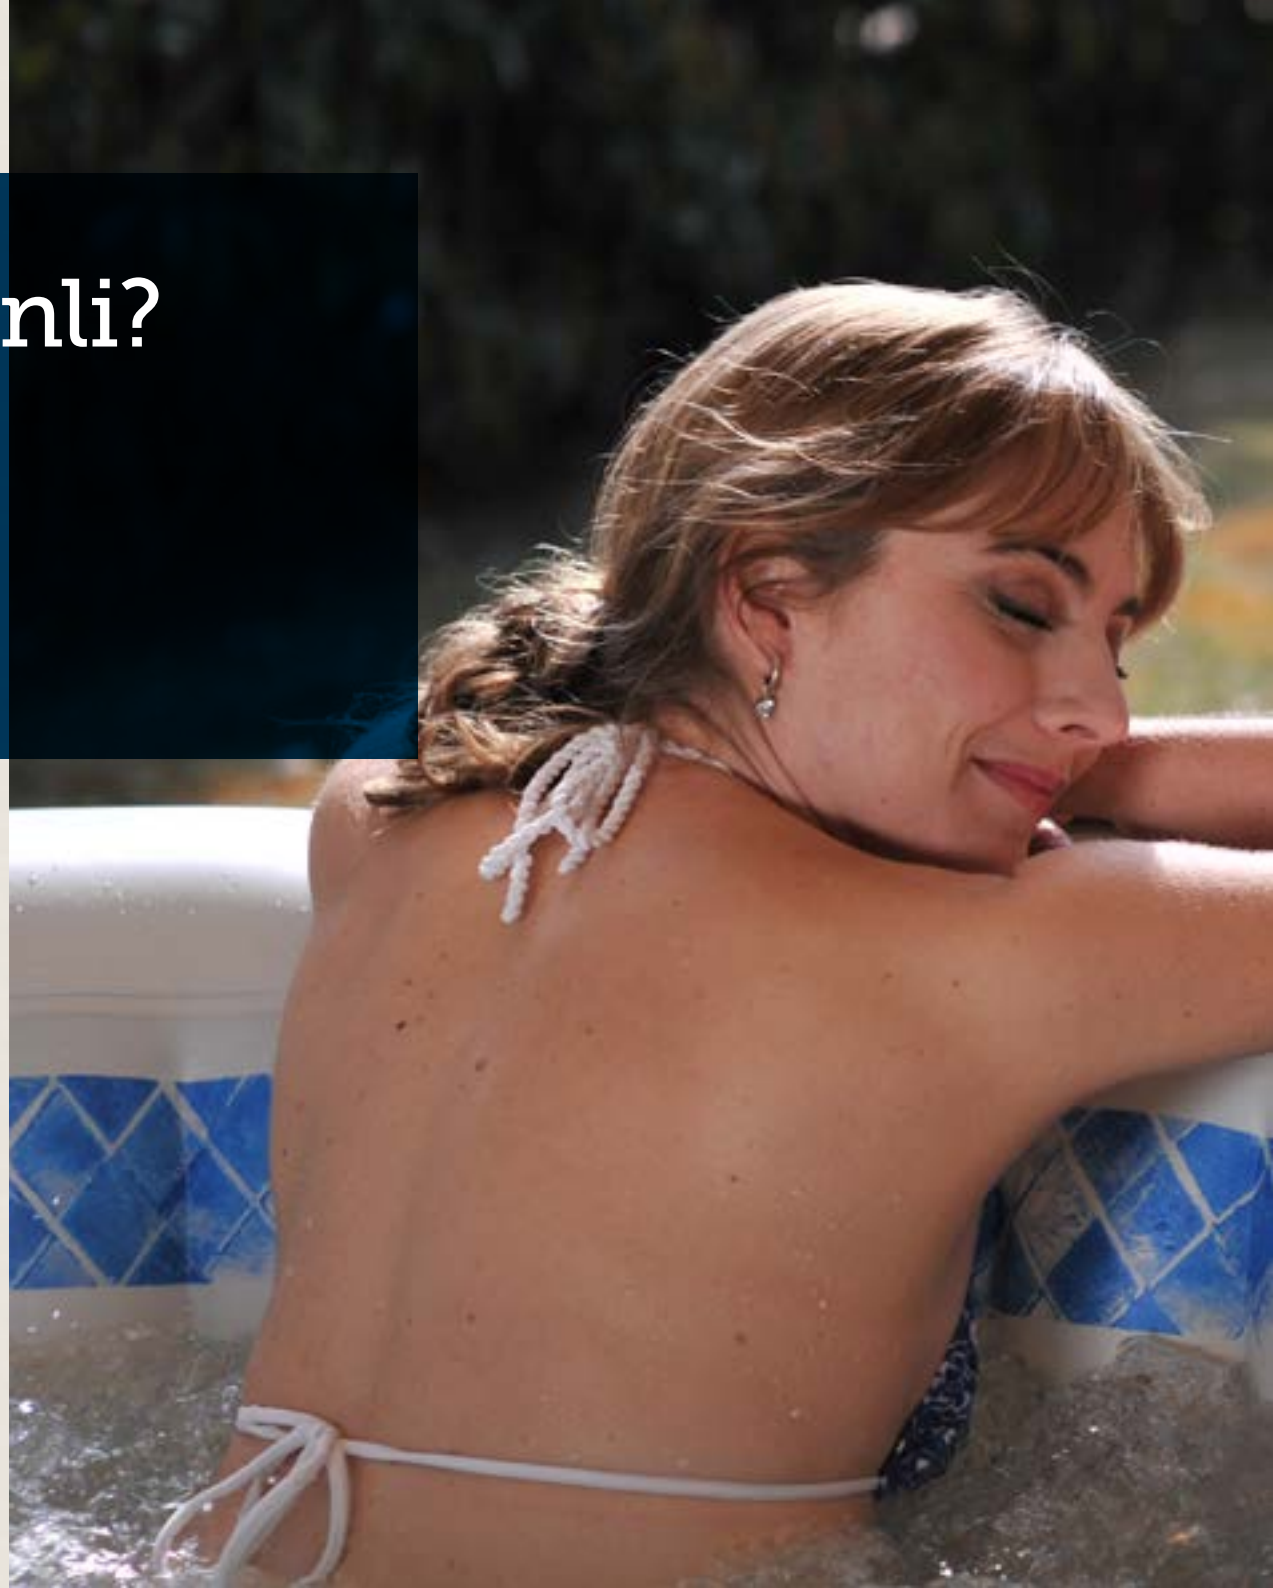

## 1.Comfortable

The Avenli Spa is an inflated tub with a padded thermal floor, which offers soft and gentle support to your body.

104 Fahrenheit degrees warm water and 88 massage bubble air jets create the ideal atmosphere to promote healing.

Just imagine soaking in your Avenli SPA with your family and friends, warm waters flowing over your shoulders and neck just like quality time flowing over your life...

6

## 2.Quick & Easy to assemble

To set up AVENLI spa is as easy as **ABC:**

Just find your favorite spot and spread out the tub **(A)**

Then use the bubble function to inflate up the hot tub**(B)**

Now connect the hot tub with the pump**(C)**

Within **10** minutes, hot tub is ready to fill water.

Let's do

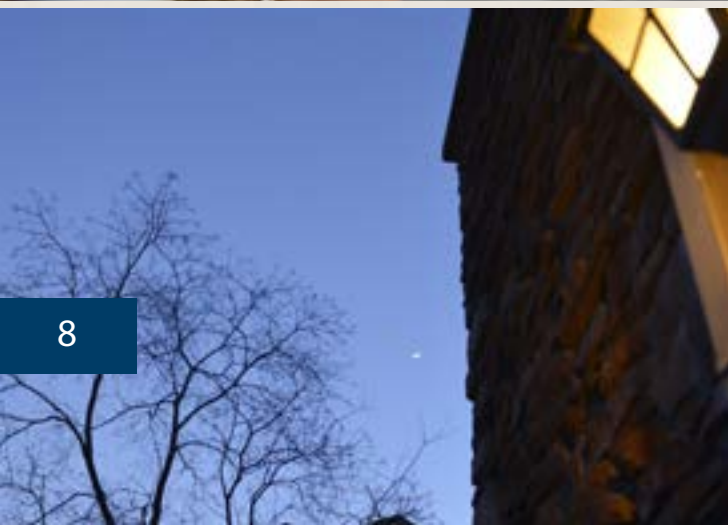

*Spas that free your mind.*

No tools  
are  
needed!

7

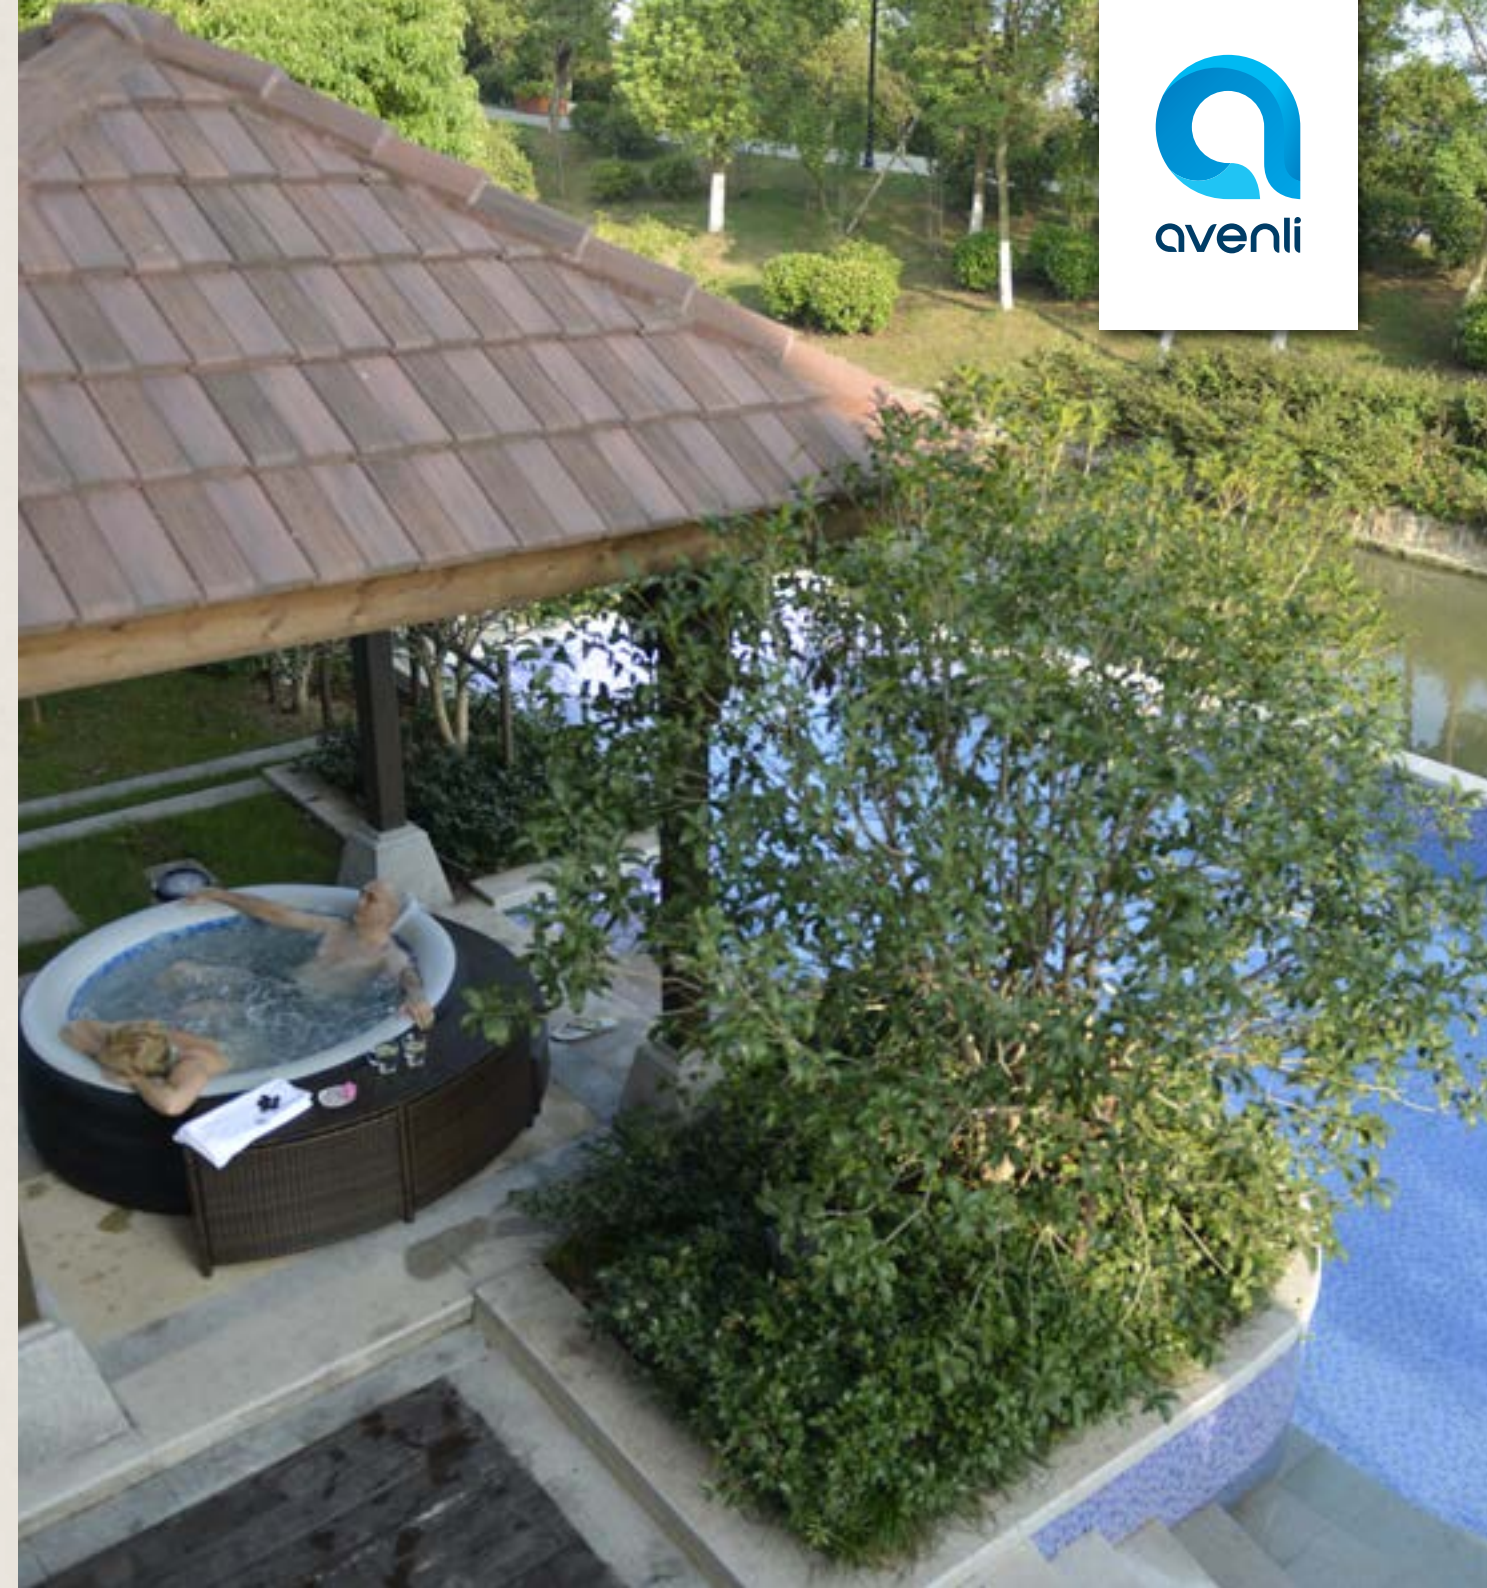

### 3.Portable Luxury

The Avenli spas are light weight, weather resistant and a compact package! Perfect to be used outdoors or inside-- easily fits through most doorways, to be placed in backyards or on decks. Imagine taking the luxury of a personal spa with you on a trip, powered by your portable pump! What a different, wonderful trip!

### 4. More than just a hot tub

The Avenli SPA is a year-round vocation spot aiming to reverse the trend of families physically disconnect in the internet era. It will be children's favorite place growing up, the center of birthday parties, and a space to socialize. It's a focal point for you. Just think about it - you can share the spa experience with that special someone, spend quality time with your family, or make your spa the center of attention at your next barbecue!

### 5.Wellness

A dip in the Avenli Spa can improve your blood circulation, reduce muscle strain and soreness, relieve tension throughout your body, promote restful sleep, help you look younger and more vigorous.

Avenli Spa introduces an Aquatic Yoga exercises via the included free DVD.

It's a new wellness experience to consumers who are seeking to enhance the well-being of both body and soul.

# Leading company in PTC heating tech

As the leading company in PTC heating tech. JILONG was the 1st company to introduce PTC (Positive Temperature Coefficient) heating technology in the portable spas field in 2010, and obtained national utility patent **No. 201020513595.8** in the same year, which was registered in more than 41 countries. The perfect performance of our products has been recognized by our global customers for years.

## Longer heating life

Compared to traditional stainless steel heaters, the product lifetime of the PTC heating system is five-times longer due to a lower surface temperature (260°C) and excellent anti-scaling treatment.

## Energy saving

The selected high quality Ceramic materials in the PTC structure ensure longer product life and maximum energy savings.

## Advanced PTC Heating Technology (Positive Temperature Coefficient)

*Spas that free your mind.*

## 5 key safety protection designs

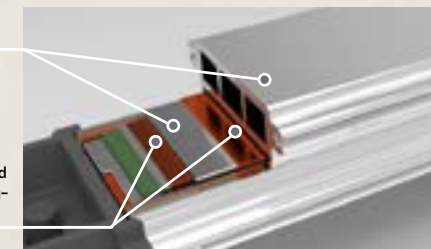

1

### Double-insulation design:

Aluminum plate and polyimide insulating film are applied on the outside of the ceramic stone heater. Such double-insulation design can prevent electricity leakage efficiently.

Two completely  
seal structures

Completely wrapped  
in two layers of insu-  
lating materials

2

### Over-heating protection:

Heater will automatically shut off when temperature exceeds 45°C.

3

### RCD/GFCI circuit breaker:

RCD/GFCI plug is included in pump unit. The circuit breaker can automatically shut off the power to prevent any electricity shot to the end users when electricity current exceeds the designated parameter. (Not included EU-Eco series)

4

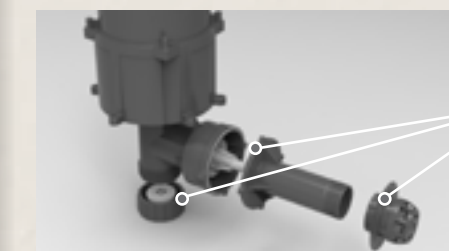

### Control panel lock:

By pressing the “**Λ**” & “**∇**” buttons simultaneously, the control panel is locked to prevent misuse by children. To unlock the control panel, press “**Λ**” & “**∇**” again.

5

### Triple backflow-proof protection:

There are three mechanical valves designed to prevent water flow back into the working electric parts.

Three different parts of  
One way non-return valve

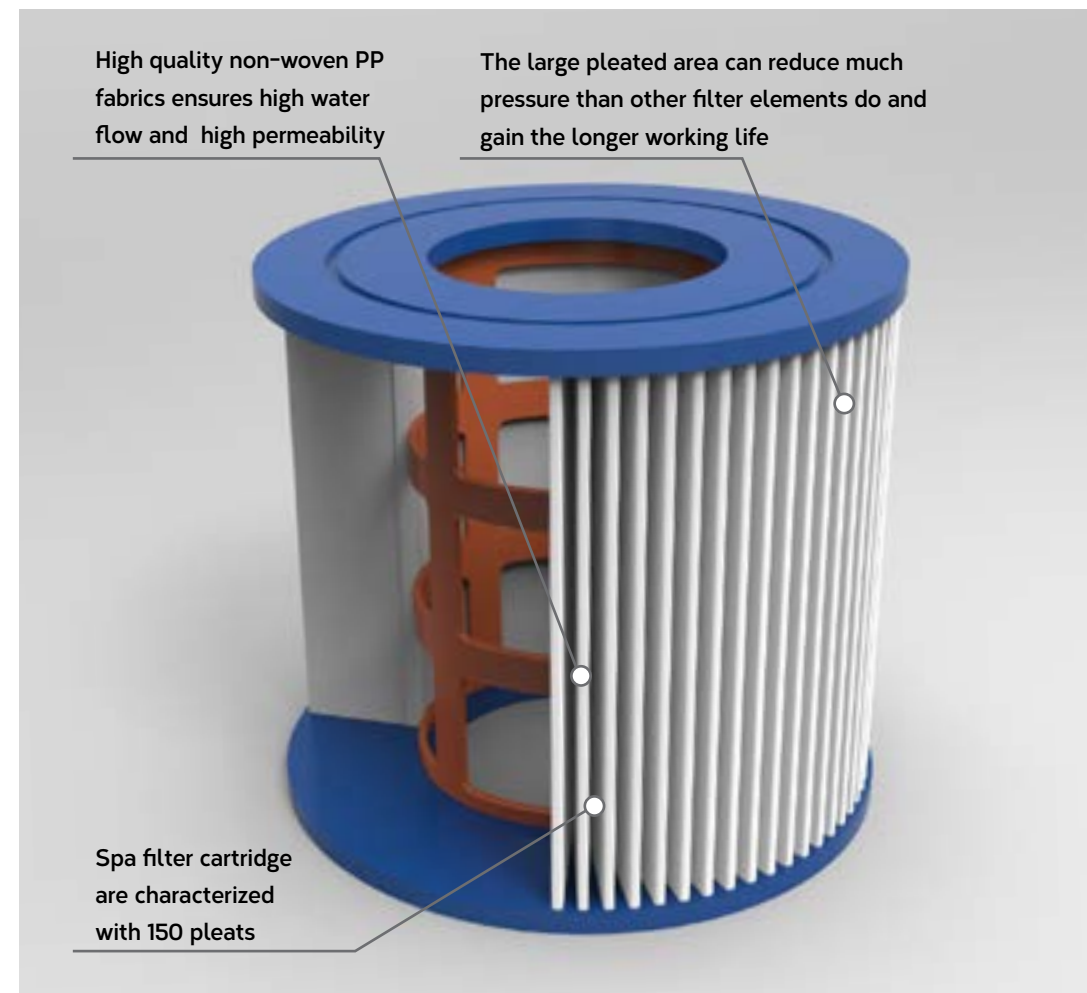

# Efficient Filtration System

- **Professional** Spa filter cartridge are characterized with 150 pleats with filtration area of Grand rapid pump-- 0.35m<sup>2</sup> & ECO pump- 0.18m<sup>2</sup> . The largest filtration area offers faster and cleaner water filtration efficiency.

- **High quality** non-woven PP fabrics is used as filter media, which is more durable than normal filter cartridges.

- **2 filter cartridges** are included in package as free bonus.

- **Smart alarm system** is designed to remind end-users to change the filter cartridge on time (Only ECO pump has this alarm function).

- Super durable 3 layer laminated material+ aluminum film
- Color box
- 0.05cbm/ 5pcs/ctn

## Thermal blanket

Heats water in sunshine  
Prevents heat loss

- SH290639N
- Φ55" / Φ140 cm
- PE
- Plastic box
- 0.017cbm/ 3pcs/ctn

# Water-treatment

## Filter Cartridge

- JL290124N
- ④ Filter Cartridge Number
- For Grand-rapid pump
- ø108x95mm(H)
- Shrink wrap with insert card
- 0.065cbm/48pcs/ctn

- JL290590N
- ⑤ Filter Cartridge Number
- For Eco pump
- ø104x80mm(H)
- Shrink wrap with insert card
- 0.049cbm/48pcs/ctn

## Spray Brush Head

Easy to clean filter cartridge  
Two function:brush or washing Can be locked in  
auto spraying way used with a water pipe

- JL290495N
- Clamshell
- 0.034cbm/24pcs/ctn

## Chemical Floater

Dispenses 1" chemical tablets  
Adjustable dial to control the release of chemicals  
contractive construction  
No tablets included

- JL290468N
- Dia.5" Floating chemical Dispenser
- Color box
- 0.059cbm/24pcs/ctn

## Test Strips

- JL290471N
- 3 in 1 Free Chlorine,PH.Total Alkalinity
- The ideal solution for basic pool and spa water testing
- Easy color-match system
- Contains 50 test strips
- 1 year shelf life
- Blister card package
- 0.020cbm/48pcs/ctn

## Water Tester

- Easy to read meter replaces complicated color matching systems.
- Electronically tests the ph and chlorine levels, providing instant, accurate results.
- Auto-rectification makes it easy to use.
- Safety measure range for Chlorine Level: 1.2 to 1.7ppm.
- Safety measure range for Ph Level: 7.2 to 7.8
- Water Resistance :Water resistant, but not waterproof.
- JL290493N
- Double Blister Packing
- 0.076cbm/36pcs/ctn

# Comfort

## Spa Foot Basin

When filled with cold water, our Spa Foot Basin enables the Avenli Spa to be used for hot/ cold immersion therapy. Simply soak in the warm water in an Avenli Spa for around twenty seconds and then switch to the cold water in the Spa Foot Basin for around 20 seconds. Repeat this entire process 10 times in order to improve your blood circulation and boost your immune system.
